Message Body:

We the people/voters of Del Norte County have more in common with the people to our east than those to our south (along the coast line).

We are more rural and more conservative than those to our south in the bay area. This being said does not mean anything good or bad about the people to the south other than we need to be heard. Currently we are not being heard. Why because our views are not those of the our current congressman and state assemblyman.

We need to be more associated with people of our like mind. Currently the only voice we have in state or federal government is in Senate District 4 (State Senator Doug LaMalfa).

If I was on your commission I would recommend Del Norte County being associated with the rural counties of Butte, Shasta, Trinity, Modoc, Siskiyou, etc. to the east.
I feel we have more in common with these counties than we do now or as currently proposed by the commission.

Thank you for your time and efforts in trying to solve this complex and thankless problem.
