RE: Jodie P. Filkins Webber #21683

To Whom It May Concern:

My name is Terry Decker and I am a friend and former neighbor of Jodie Webber. I have known Jodie over 10 years. We met as neighbors and soon became very close friends. We were co-members in the Tierra Vista HOA and then joint proponents for community events, safety and welfare of the community. I am writing this letter of recommendation in support of Jodie's candidacy for the Redistricting Commission and can think of no one more qualified to serve than Jodie P. Filkins Webber.

I will describe Jodie as an extremely motivated individual with a high level of integrity. Jodie's is very assertive in her mannerism in both her professional and personal life. This quality allows Jodie to set out what is needed to accomplish what ever tasks and goals are before her to the finish. I have had an opportunity to recruit Jodie on behalf of the members of the Tierra HOA to request assistance in reviewing the CC&R's regarding a potentially dangerous situation to other members of the community. Jodie proposed recommended solutions for presentation to the HOA Board of Directors and although a resident in the community Jodie remained impartial in her analysis of the situation and did not allow her personal interests to influence the recommendations she made. Jodie's skill in analyzing the CC&R's was of great assistance and her recommendations proved successful to the community, neighbors and Board.

On a personal note, I had the pleasure of assisting Jodie in planning her Wedding. I was involved in virtually every phase of the planning process and found Jodie to be very receptive and responsive to any ideas and suggestions offered. Jodie responded promptly to the ideas with great appreciation. Jodie put much thought into this big event and finalized her decisions only after thoughtful analysis of each aspect of a large scale event as her Wedding considering the ideas of others and the comfort and enjoyment of her guests.

Jodie demonstrates a great love and appreciation for the beauty of our State. Over the years of knowing Jodie I have enjoyed hearing about Jodie's travel adventures through the state of California via her amazing rock collection. The collection began when Jodie was a young adult and her interest in geology continued to grow over the years solidifying her love and respect for the great State of California.

In summary, with the all of Jodie's excellent qualities as a person and in her profession, I enthusiastically recommend Jodie for this position.

Sincerely,

Terry Decker
