Subject: RE: Citizens Redistricting Commission Nomination

To whom it may concern

I am writing this letter in support of Gil Ontai as one the final six members of the *Citizens Redistricting Commission*. It is imperative that San Diego County has a voice on the commission. Gil is an outstanding candidate with many years' experience in community issues, and concerns. His professional as well as his personal character is above reproach and clearly this is the type of person needed for the commission in it meeting its obligations/commitments as policy making body.

Respectfully
Min. Tukufu Kalonji
